

VSI40-60

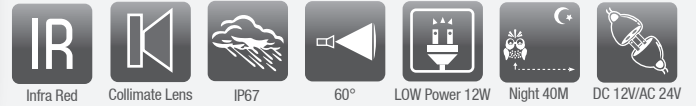

VIRTUE SERIES

INFRA RED ILLUMINATOR -40M AT 60°

KEY FEATURES

- Indoor / Outdoor application
- Wavelength: 850nm
- Beam Angle: 60°
- Visible Distance: 40m

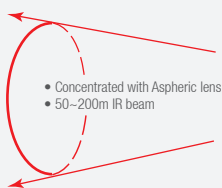

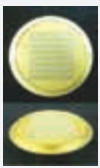

ADDITIONAL FEATURES

- Intergrated multi-chip LED
- Long-range illumination
- Night-time surveillance
- Efficiency
 - Hybrid LED with energy consumption of 5W - 100W
- Durability
 - Made with gold plated tracks
 - High temperature resistance
- Easy Configuration
 - Easy to combine with other optical instruments
- Convenience
 - Compact design with IR illumination to over distance of 200m

TECHNICAL SPECIFICATIONS

Lens	Aspheric Collimate Lens
Beam Angle	60°
Visible Distance	Up to 40m at 0.0Lux (1 unit)
Wavelength	850nm
Emitting Device	High Density Hybrid LED Semi-permanent
Operating Temperature	-20°C ~60°C (Indoor / Outdoor)
Operating Humidity	90% Rh
IP Rating	IP67
Power	12W, Max DC 12V/AC 24, 1A
Dimension	112(W) x 153.5(L) x 65.5(H) mm
Weight	1.0kg (Max)
